Intended audience: Parents, children, teachers, therapists, medical professionals and anyone touched by a child with childhood apraxia of speech (CAS).

**The Windy City/Chicagoland Apraxia Network**

Our group of more than 425 members offers support, information and networking for parents and caregivers of children with childhood apraxia of speech and associated disorders. We share information about cutting edge therapies, negotiating IEPs, community programs, and physicians and specialists. We offer face-to-face support meetings for parents, families, caregivers, and professionals several times a year. We also offer local support and resources through Windy City Apraxia (our online Yahoo Group) so that our group members around Chicagoland, southern Wisconsin, northern Indiana, eastern Iowa and the rest of Illinois can easily share their thoughts and valuable information with each other.
